Subject: Albion Park Quarry Stage 7 Expansion – Request not to consult on Water Management Plan

Dear Mr Hammond,

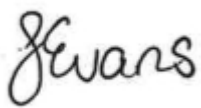

I refer to your submission 16 December 2025, regarding the requirement for consultation on the update of the Water Management Plan in accordance with Schedule 2, Condition B40 of the Development Consent for Albion Park Quarry Stage 7 Expansion (SSD-10369).

The Department notes the Water Management Plan (Revision 9.1) was previously approved 14 March 2024. Consultation with DCCEEW – Water Group was completed during the preparation of this Water Management Plan and during the assessment of the project.

Given the nature and scale of the proposed amendments and in accordance with Schedule 2, Condition A21 of the consent, the Department agrees that consultation with DCCEEW – Water Group is not required to be completed for the next update to the Water Management Plan for the Albion Park Quarry Expansion.

If you wish to discuss the matter further, please contact Katie Weekes on 4927 3223.

Yours sincerely,

A handwritten signature in black ink that reads "J Evans".
