RE: Trinity Grammar School – The Renewal Project CEMP MOD 4 update letter

This letter is to confirm the additional works required for the Oval 3 basement extension will adhere to the processes outlined within the project's Construction Environmental Management Plan (CEMP).

The removal of approximately 6000m<sup>3</sup> of spoil generated from the basement extension excavation will constitute for a prolonged excavation time rather than additional trucks, however, this is on the basis the mod is approved prior to completion of excavation.

The below plans prepared by PMDL were used to inform the above information

- DA100
- DA110
- DA111
- DA150
- DA151
- DA302
- DA334

Sincerely,

Rachael Berry
