**Subject:** FW: Botany Cogeneration Plant - Request for SEARs - SSD 10373

Hi Sally,

Ausgrid recommends the addition of the following to the SEARS under Utilities:

“In consultation with relevant agencies prepare a services and utilities impact assessment which:

- assesses the capacity of existing services and utilities and identify any upgrades required to facilitate the development
- assesses the impacts of the proposal on existing utility infrastructure and service provider assets and describe how any potential impacts would be managed.”

Thanks,

Jason Wall
