Construction Worker Transport Strategy, Condition C27

Dear Mr Allison

I refer to the Construction Worker Transport Strategy (CWTS) submitted to the Planning Secretary under condition C27 of SSD-10385, as modified.

I note the CWTS:

- was reviewed by the Applicant, and no issues were raised to the Department;
- was prepared in accordance with condition C27 of the consent; and
- has been submitted to the Department prior to the commencement of construction.

Accordingly, the Department has filed the Construction Worker Transport Strategy, Version V02 dated 5 January 2026, prepared by The Transport Planning Partnership, for our information under condition C27 of SSD-10385.

I remind you to obtain the Certifier's satisfaction of the CWTS, if not already done so.

Also, I remind you to implement the CWTS effectively to avoid or minimise car parking demand for the construction workers in nearby public and residential streets or public parking facilities.

Please note that if there are any inconsistencies between the submitted CWTS and the conditions of consent, the conditions will prevail.

Also, please ensure that you make the CWTS publicly available on the project website as per condition A25 of the consent.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely
