Dear Ms. Muir,

**Liverpool Hospital Multi-storey Carpark (SSD-10388)  
Construction Environmental Management Plan & Sub-plans, Conditions B12-B15**

I refer to the Construction Environmental Management Plan (CEMP) & supporting Sub-plans which were submitted to the Planning Secretary in accordance with condition B12, Schedule 2 of the project Development Consent for the Liverpool Hospital Multi-storey Carpark (SSD-10388).

I acknowledge and thank you for your response to the Department's review comments, and requests for additional information.

I note that the CEMP & Sub-plans:

- Were reviewed by the Applicant, and no issues were raised; and
- Include the:
  - Construction Traffic and Pedestrian Management Sub-plan, Issue 8, dated 8 April 2022, prepared by ptc.;
  - Construction Noise and Vibration Management Sub-plan (CNVMSP), Revision 0, dated 27 April 2022, prepared by Acoustic Logic Consultancy Pty Ltd; and
  - Waste Management Plan, Revision V3, dated 20 September 2021, prepared by ADCO Constructions Pty Ltd (ADCO).

I also note that section 6.6 of the CNVMSP describes a number of noise mitigation & management measures that may be adopted. However, the Applicant has confirmed that these measures will be implemented.

Accordingly, I acknowledge receipt of the CEMP, Revision V12, dated 22 June 2022, prepared by ADCO, and the abovementioned Sub-plans for our information under condition B12 of SSD-10388.

You are reminded that if there is any inconsistency between the approved document and the conditions of approval, then the requirements of the conditions of approval prevail.

Please ensure that the CEMP & Sub-plans are placed on the project website at the earliest convenience.
