Dear Ms. Muir,

**Liverpool Hospital Redevelopment (SSD-10389)
Revised Staging Report, Conditions A10-A11, A14(c) and A15**

I refer to a revised Staging Report submitted to the Planning Secretary pursuant to condition A15 of the Development Consent for the Liverpool Hospital Redevelopment (SSD-10389). I also acknowledge and thank you for your response to the Department's review comments, and request for additional information.

I note that the revised Staging Report:

- was reviewed by the Applicant, and no issues were raised;
- has been revised for the purposes of condition A14(c), and comprises:
 - updating the timing of selected construction works which were originally planned to indicatively start in quarter 2 of 2022, but now have an indicative commencement in quarter 4 of 2021; and
 - introducing the commencement of operations over 3 key stages; and
- contains the information required under condition A11 of the consent.

Accordingly, as nominee of the Planning Secretary, I am satisfied with the revised Staging Report, Revision 8, dated 8 June 2022, in accordance with condition A15 of SSD-10389.

Please ensure that the approved Staging Report is placed on the project website at the earliest convenience.

Please note that if there is any inconsistency between the approved document and the conditions of consent, then the requirement of the condition of consent will prevail.

If you have any questions or wish to discuss the matter further, please contact Hala Fua, who can be contacted at hala.fua@planning.nsw.gov.au.

Yours sincerely
