**ATLASSIAN CENTRAL DEVELOPMENT – SSD-10405 AMENDMENTS TO APPROVED SSDA
LETTER OF SUPPORT FOR SUSTAINABILITY AND SERVICES**

We refer to the recent architectural modifications to the SSDA as described in the following:

- SSDA Modification - changes to the tower envelope and floor plan layouts from level 1 to the top of the tower.

We have considered the updated design documentation and can advise that the proposed modifications do not have a material impact on the incoming utility services and the ESD performance as outlined in the SSDA reports:

- Atlassian Central-ESD report for SSDA-Rev05
- Atlassian Central-Utility Report-Rev06

We trust this meets with your requirements.

Yours Faithfully,
