Subject: Archaeological Test Excavation Report

Dear Ms Noone

I refer to your submission dated 9 November 2022, requesting approval of the Archaeological Test Excavation Report in accordance with Condition D70.

The Department has reviewed the Archaeological Test Excavation Report, in consultation with Heritage NSW and is satisfied that it meets the requirements of Condition D70 as it includes:

- the results of the test excavation
- an updated significance assessment of the archaeological testing results
- analysis of the likely impact to archaeological resources as a result of the project
- updates to the research design and methodology.

Accordingly, as nominee of the Planning Secretary, I approve the Archaeological Test Excavation Report (revision FNL01, dated November 2022) under Condition D70.

You are reminded that if there are any inconsistencies between the approved document and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Annika Hather on 02 9995 6662.

Yours sincerely
