Saint Ignatius' Riverview Redevelopment Stage 2 (SSD-10424)
Revised Construction Noise and Vibration Management Sub-Plan, Condition C12

Dear Mr Dean

I refer to your revised Construction Noise and Vibration Management Sub-Plan (CNVMSP) submitted to the Planning Secretary under condition C12 of SSD-10424 for the Saint Ignatius' Riverview Redevelopment Stage 2. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the revised CNVMSP:

- was reviewed by the Applicant, and no concerns were raised to the Department;
- has been amended due to recommendations from an Independent Environmental Audit dated 6 November 2024; and
- contains the information as per condition C12 of the consent.

Accordingly, the Department has filed the revised Construction Noise and Vibration Management Sub-Plan, Revision 2 dated 13 January 2025, prepared by Acoustic Dynamics for information as per condition C12 of SSD-10424.

Please note that if there are any inconsistencies between the revised CNVMSP and the conditions of consent, the conditions will prevail.

Also, please make the CNVMSP including this letter available for public access on the project website at the earliest convenience.

If you have any questions, please contact Ms Tanja Ibsen on tanja.ibsen@dpie.nsw.gov.au.

Yours sincerely
