Subject: Amendment of Application – Stone Ridge Quarry Project (SSD-10432)

Dear Dr Meleo

I refer to the Amendment Report submitted on 27 March 2024 in accordance with the *Environmental Planning and Assessment Regulation 2021* (the Regulation) for Stone Ridge Quarry Project (SSD-10432).

The Amendment Report has requested the following changes:

- a revision to the conceptual quarry layout to remove the previously proposed North Pit, associated sediment basin 2 and North Pit access road; and
- a revision to the staging and extraction area of the Main Pit to enable the relocation of processing plant and loading facilities into the pit in the later stages of the Project.

The Department has reviewed the Amendment Report and is satisfied that the proposed changes constitute an amendment to SSD-7332. Accordingly, as delegate of the Minister for Planning and Public Spaces I approve the application for the amendment.
