## 1.0 INTRODUCTION

This report has been prepared from notes and photographic evidence obtained by a visual inspection of the below-mentioned areas. Project Solutions Pty. Limited has compiled the report acting on behalf of Hansen Yuncken Pty. Limited.

The report aims to record the existing condition of the public property deemed to be within a potential zone of influence prior to the commencement of works associated with development of Lots 201 & 204 / DP 1244593. The report has been compiled in accordance with condition 17 (b) from the development consent application no. SSD-10436.

In summary: -

|                          |  |
|--------------------------|--|
| <u>Engaging Company:</u> | Hansen Yuncken Pty. Limited.   |
| <u>Contract Site:</u>    | Lots 201 & 204 / DP 1244593.<br>8 & 10 Johnston Crescent, Horsley Park NSW 2175  |
| <u>Application No.</u>   | SSD-10436  |
| <u>Date of Survey:</u>   | 13 <sup>th</sup> May 2021  |
| <u>Areas Surveyed:</u>   | <ul style="list-style-type: none"><li> Historic record of the site.</li><li> Johnston Crescent – adjacent public property.</li><li> Johnston Crescent – public property on approach to the development.</li></ul> |

The particulars set out in this report are for the exclusive use of Hansen Yuncken Pty. Limited. We accept no responsibility as a result of the use of this report by any other party. This report shall not be construed as a certificate or warranty of the areas surveyed. Refer to the disclaimer within the report.

## 2.0 SCOPE OF WORKS

The purpose of the report was to note and record the existing status of the public infrastructure adjacent to the site and extending 250m past the site boundaries.

The Dilapidation Report shall be used amongst other means to assess the responsibility for any damage and / or making good arising out of the construction works to the areas listed above. The report is to provide a basis of discussion should it be alleged that the construction works has contributed to damage to any of the surveyed areas.

### 3.0 SITE DESCRIPTION

The site is located at 8 & 10 Johnston Crescent, Horsley Park (Lots 201 & 204 / DP 1244593) NSW 2175.

The development of the site is for the construction, fit-out and operation of eight warehouse and distribution tenancies in four buildings with a total gross floor area (GFA) of 112,819m<sup>2</sup> including offices, loading docks, hardstand areas, truck and car parking areas, landscaping, associated infrastructure and signage.

At the time of the inspection, the site was a vacant flat site enclosed with a cyclone mesh fence.

The site's location can be seen in the following satellite image:-

Ref: Near maps

## 4.0 OBSERVATIONS

The main component of the report is the photographic and written evidence within appendix 'B' of this report.

The issued USB flash drive contains the following files: -

- The photographic / written reports (PDF).
  - a. Also includes a 'Geotagged report' illustrating the approximate location of each photograph taken of the external areas.
- The photographs used in the report (JPG's).
  - a. The Jpeg photographs on the USB flash drive are 36 mega-pixels to allow for greater resolution if a photo needs to be enlarged and viewed in greater clarity.

Note: the report should only be used to identify a particular photograph, which may require greater inspection. If a photo is required to be viewed in greater clarity, the relevant photograph/s can then be sourced on the issued USB flash drive and enlarged.

The photographs recording the external areas have been "Geotagged". To make use of this application, ensure that "Google Earth" has been installed on your computer. You will find the "Geotagged Report.kmz" file on the issued USB flash drive.

1. Open the ".kmz" file on the USB flash drive.
2. The application will launch in "Google Earth" (if installed on your computer).
3. You will note a series of numbered thumbnail photographs within and around the construction site, by clicking on an arrow the applicable photograph, taken in that approximate location will be revealed.

Note: this is an interactive file to be accessed on a computer via Google Earth and not from a visual interpretation of the screenshot of the 'Geotagged Report' on the following page.

*Note: the 'Google-Earth' satellite image is outdated by several months.*

The report does not allow for: -

- ❖ Faults to inaccessible parts of the adjoining properties / buildings.
- ❖ Faults concealed behind permanent wall cladding (i.e. timber paneling or floor coverings)
- ❖ Any testing.
- ❖ Arborist reporting.
- ❖ Geotechnical or subsurface investigations.
- ❖ Faults not apparent on a visual inspection.
- ❖ Faults apparent only in different environmental or weather conditions.
- ❖ Latent faults not apparent at the time of the inspection.
- ❖ Inspection of roof and sub floor voids or areas deemed dangerous to inspect.
- ❖ Pest inspection report.
- ❖ Inspection of Building services, plant and machinery.
- ❖ Requirements of the Building Code of Australia.
- ❖ Distribution of reports to parties other than our Client.

## 5.0 CONCLUSIONS

A record of the condition of the areas as of the 13<sup>th</sup> May 2021 has been presented. The findings are illustrated in the photographs bound within Appendix B of this report.

The following items may be referred to should a need arise to review this report: -

1. Project North - the cardinal compass points referenced within the report has Johnston Crescent running east-west on the northern side of the site.
2. The photographs illustrated in the 'geotagged report' are those which the camera had contact with the 'tagging satellite'. In some instances this contact can be lost through interference (electronic, magnetic, phone towers etc) and photos may not be tagged and illustrated within the report.
3. We suggest using the 'Geotagged Report' to source a photograph recording a particular area.
4. All roads recorded as part of this report were inspected and photographed by travelling in a direct route along one side of the road and then returning and travelling along the opposite or same side of the road.
5. The annotations beneath each photograph recording the adjacent public property reference the pole numbers of the light poles bordering the road.
6. Besides using the 'Geotagged Report' to assist in the location of a particular photograph, we also suggest that you refer to the previous series of photographs in the report.

7. There are considerable and comparable sized developments under construction also bordering and utilising Johnston Crescent.

In the best interest of all parties associated with this development a declaration for signing has been prepared on the following page.

## SIGN-OFF SHEET

I / we believe that the written and photographic report is a true record of the existing condition of the following properties / areas as of the 13<sup>th</sup> May 2021.

Areas Surveyed:

-  Historic record of the site.
-  Johnston Crescent – adjacent public property.
-  Johnston Crescent – public property on approach to the development.

We wish you every success with the development of this project. Thank you for choosing Project Solutions Pty. Limited to conduct your 'Dilapidation Reporting'. Please do not hesitate to contact the undersigned if you have any questions associated with the contents of this report.

*The inspection and report compilation have been conducted by the undersigned. I have a Bach. of Building (UNSW 1993) and have been conducting construction reporting since 2000.*

Yours faithfully,  
Project Solutions Pty. Limited

Douglas Sandilands  
Director

## DISCLAIMER

Reports produced by Project Solutions Pty Ltd are prepared for a particular Client's objectives and are based on a specific scope, conditions and limitations, as agreed between Project Solutions and the Client. Information and / or report(s) prepared by Project Solutions may not be suitable for uses other than the original intended objective. No parties other than the Client should use any information and/or report(s) without first conferring with Project Solutions.

The information and/or reports prepared by Project Solutions should not be reproduced, presented or reviewed except in full. Before passing on to a third party any information and / or reports by Project Solutions, the Client is to fully inform the third party of the objective and scope and any limitations and conditions, including any other relevant information which applies to the material prepared by Project Solutions.

This survey and accompanying photographs is intended to present, as reasonably as possible, a record of the condition, by visible inspection only, of the aforementioned properties / areas.

The Client must also satisfy themselves that the report is accurate and contains no omissions. Project Solutions disclaims all responsibility for any loss whatsoever occasioned by any error in, or omission from this report.
