Dear Nairy,

RE: Waterloo Southern Precinct – S4.55 Access Statement v2

This letter has been prepared by Morris Goding Access Consulting to support the S4.55 MOD 1 application for the Waterloo Southern Precinct.

MGAC has reviewed and assessed the drawings and relevant documentation dated 01.06.22 prepared with respect to the S4.55 MOD 1 application submission.

The MGAC Report dated 28 July 2020 that supported the original approved scheme in SSD 10437 – Waterloo Metro Quarter Southern Precinct project application concluded that the accessibility for Waterloo Southern Precinct will be able to achieve the accessibility design requirements as set out in the DDA Access to Premises Standards.

On this basis, MGAC is of the opinion that the proposed S4.55 drawings do not require any additional supporting information, analysis or commentary at this stage of the design and compliance with DDA Premises Standards and Australian Standards can be achieved.

Yours faithfully,

Jeremy Tagle
Senior Access Consultant
