Dear Perry,

**RE: Basement Levels of Waterloo Metro Quarter Development (Building 2) – S4.55  
Access Statement**

This letter has been prepared by Morris Goding Access Consulting (MGAC) for Mirvac Construction to support the S4.55 application for building 2 basement levels of Waterloo Metro Quarter Development.

MGAC has reviewed and assessed the drawings changes prepared in respect of the S4.55 application submission.

On this basis, MGAC is of the opinion that the proposed S4.55 drawings do not show major change from the approved DA drawings to the current drawing sets this S4.55 statement supports.

In addition, issues raised (and that have been) by issued by MGAC can be amended at detail design stages to readily achieve compliance as per AS1428.1, AS2890.6 and AS4299 and the DDA Premises Standards.

Yours faithfully,

David Goding  
Director  
Morris Goding Access Consulting
