Dear Mr Thomas,

Waterloo Metro Quarter Basement Car Park (SSD-10438)
Conditions B6 and B7 - design changes request

I refer to your request (SSD-10438-PA-1) received on 20 May 2022 seeking to satisfy the requirements of Conditions B6 and B7 of the abovementioned development consent.

The Department has reviewed the list of proposed design amendments in the documents prepared by Urbis, titled *Waterloo Metro Quarter OSD Basement Detailed Design*, dated 12 April 2022.

The Department is satisfied that the proposed design changes do not require review by the DRP as they would not have an impact on the Design Excellence elements of the approved development.

Accordingly, as the Planning Secretary's nominee, I am satisfied that the provisions of Condition B6 under SSD 10438 have been met and the proposed changes can proceed to the required modification application and / or construction certification without prior review by the DRP under the provisions of Condition B7 of SSD 10438.

If you wish to discuss the matter further, please contact Russell Hand on 8275 1313 or email russell.hand@planning.nsw.gov.au.

Yours sincerely
