Subject: RE: Notice of Exhibition – Luddenham Resource Recovery Facility (SSD-10446)

Hi Ellen,

Thanks for your email. We will not be making a submission. Operational issues associated with the resource recovery facility are better addressed by the Commonwealth/Western Sydney Airport Co. Consistency with the proposed Western Sydney Aerotropolis SEPP and Western Sydney Aerotropolis Plan are better addressed by the Western Sydney Planning Partnership Office.

Kind Regards

Kerrie Symonds
