	022-ENV-MP-002 Tomago Water Management Plan Revision 3.pdf

Good afternoon,

Following verbal feedback from the NSW EPA we have revised the water management plan to the attached. The two changes made were:

- Page 18, Table 4 postscript updated to include, "Coordinates are Map Grid of Australia (MGA)
 Zone 56, MGA Coordinates are based on GDA2020 "Grid", and based around SSM97084
 E:380715.628 N:6366667.408, Origin of Levels: SSM97084 RL 3.271, Levels are on
 Australian Height Datum (AHD), Combined Scale Factor: 0.999771 as at 19-04-2021"
- Page 22 updated reference to the Bureau of Meteorology daily rainfall data to the Williamstown RAAF station

I can't update the submission in the planning portal but would appreciate consideration of Revision 3 as attached.

Any questions please just let me know,

Helen McCarthy Environment and Sustainability Manager
