

Ms Susie McBurney
General Manager NSW / ACT
Remondis Australia Pty Ltd
Level 4, 163 O'Riordan Street
Mascot NSW 2020

Dear Ms McBurney

**Remondis Resource Recovery Facility Tomago (SSD-10447)
Approval of Site Audit Report and Statement and Long Term Environmental Management
Plan – Conditions B12 and B17**

I refer to the following reports submitted in accordance with the development consent SSD 10447 for the Remondis Resource Recovery Facility:

- Site Audit Report and Statement prepared by GHD dated 20 May 2022, submitted in accordance with Condition B12; and
- Long Term Environmental Management Plan (LTEMP) prepared by JM Environments dated 16 June 2022, submitted in accordance with Condition B17.

The Department has reviewed the Site Audit Report and Statement and LTEMP and is satisfied the reports meet the requirements of Conditions B12 and B17.

The Department notes the remediation works involved encapsulating contaminated soils inside three concrete pits in the northernmost building on the site. The material has been covered with plastic sheeting but a permanent concrete covering is proposed once the requirements for plant and equipment operating in these areas is finalised. The Department requires you to provide a schedule for completing these works and written confirmation when the concrete coverings have been installed.

Should you have any further enquiries, please contact Deana Burn, Specialist Planner, Planning and Assessment, at the Department on 9274 6453 or via email at deana.burn.aus@gmail.com

Yours sincerely

A handwritten signature in black ink, appearing to read 'C. Ritchie'.

27 June 2022
