Stubbo Solar Farm: Soil and Water Management Plan Stage 2a

Dear Mr. McKay

Thank you for submitting the Soil and Water Management Plan for Stage 2a in accordance with Condition 27, Schedule 3 of the consent for the Stubbo Solar Farm (SSD-10452-PA-15). I also acknowledge your response to the Department's review comments and request for additional information. I note the Soil and Water Management Plan contains the information required by the conditions of approval.

Accordingly, as nominee of the Planning Secretary, I approve the Soil and Water Management Plan Stage 2a (Rev V8, May 2023) on the condition that the below comment is addressed in the next Soil and Water Management Plan revision, which is submitted prior to 1 May 2024.

To illustrate sediment basin location and erosion control management, the next revision of the Soil and Water Management Plan must incorporate Erosion and Sediment Control Maps (ESCM).

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Charissa Pillay on 02 99955944.

Yours sincerely

Iwan Davies
Director
Energy Assessments

As nominee of the Planning Secretary
