Subject: Unanticipated finds protocol – Stage 1 for Stubbo Solar Farm (SSD-10452)

Dear Mr Berge

I refer to your submission requesting approval of the Unanticipated finds protocol – Stage 1, submitted in accordance with the Department's approval of staged development (dated 24 August 2022) and Condition 23(c) of Schedule 3 of the development consent for the Stubbo Solar Farm.

The Department notes that the Unanticipated finds protocol contains the following information required by the conditions of consent applicable to Stage 1 works as per condition Condition 23(c) of Schedule 3:

- a contingency plan and reporting procedure if:
 - previously unidentified heritage items are found; or
 - Aboriginal skeletal material is discovered.

Accordingly, as nominee of the Planning Secretary, I approve the Unanticipated finds protocol – Stage 1 (dated 3 June 2022).

You are reminded that if there is any inconsistency between the approved document and the conditions of consent, then the requirements of the conditions prevail.

Please ensure you make the document and this approval letter publicly available on the project website.

If you wish to discuss the matter further, please contact Javier Canon on (02) 9373 2821 or at Javier.Canon@planning.nsw.gov.au.

Yours sincerely
