Dear Mr Ianni

**Macquarie Park Data Centre (SSD-10467-PA-5)
Design Plans – Site Access Arrangements**

I refer to the design plans which were submitted in accordance with condition B24 of the development consent for the Macquarie Park Data Centre (SSD-10467).

The Department of Planning and Environment (the Department) has reviewed the design plans (Job No. 171708-06, drawings C215.01 (Rev F), C215.02 (Rev E), C215.03 (Rev E) and C215.04 (Rev D)), prepared by Northrop Consulting Engineers Pty Ltd and dated 1 December 2021 and is satisfied the development's access points have been designed to accommodate both 19 -metre articulated vehicles and 400 tonne mobile cranes (as appropriate).

Accordingly, I am satisfied the submitted design plans address the requirements outlined under condition B24 of SSD-10467.

Should you wish to discuss this matter further, please contact Patrick Copas on (02) 9274 6273 or via email at patrick.copas@planning.nsw.gov.au.

Yours sincerely
