

DEMOLITION, CONSTRUCTION AND ONGOING MANAGEMENT

The applicable sections of the table must be completed and submitted with your Development Application.

Completing this table will assist you in identifying the type of waste that will be generated and in advising Council how you intend to reuse, recycle or dispose of the waste.

The information provided on the form (and on your plans) will be assessed against the objectives of the DCP.

For a copy of the Western Sydney Recycling Directory or if you would like any assistance completing your waste management plan, please contact Council's Resource Recovery Project Officer on Ph. (02) 9762 1112

If space is insufficient in the table, please provide attachments.

WASTE MANAGEMENT PLAN - ONGOING MANAGEMENT

<input type="checkbox"/> Residential Development (Section applicable to Multi Unit Dwelling only)	<input type="checkbox"/> Mixed Residential/Commercial Development
<input type="checkbox"/> Commercial/ Industrial Development (including Child Care Centres)	<input type="checkbox"/> Small Business Development in Residential Area

Please stop here if you have selected the commercial/industrial development option. A commercial waste service must be provided. Council does not provide a commercial waste service. Services are available to small businesses in residential areas where a limited amount of waste is generated. Service provision is at the discretion of Council. Please phone Council's Resource Recovery Project Officer on (02) 9762 1112 to confirm if a service is available to your development.

Council typically provides bins to Multi Unit Dwellings at the following rates:	Number of bins required: <i>Note collection frequencies and bin selections are at Council's discretion</i>
120 litres of garbage capacity per unit. Garbage is typically collected once fortnightly in 240L, 660L or 1100L bins.	
120 litres of recycling capacity per unit. Recycling is typically collected once fortnightly in 240L bins.	
Garden waste bins, on request for use in common areas, typically collected once fortnightly in 240L bins.	

MEASUREMENTS OF A 240L, 660L AND 1100L BIN ARE AS FOLLOWS:

BIN TYPE	HEIGHT	DEPTH	WIDTH
240L	1080mm	735mm	580mm
660L	1250mm	850mm	1370mm
1100L	1470mm	1245mm	1370mm

STORAGE OF WASTE

1.	Is there sufficient space allocated within each unit for one day's capacity of waste and recycling?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
2.	Is there a garbage bin bay storage room(s) provided that can comfortably house the total number of bins above? This includes sufficient space for separation of each bin type, movement of bins and access by residents/ users.	Yes <input type="checkbox"/>	No <input type="checkbox"/>
3.	Is there a compactor provided in the garbage room(s)?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
a.	Please detail the type of system (i.e. carousel, optic sensor, number of bins, automatic bin exchange, size etc.)		
b.	What is the ceiling height of the garbage room?		metres
c.	What is the compactor diameter?		metres
d.	Compaction ratio?		
4.	Is there a garbage chute system installed?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
a.	Is there a waste service room provided for each storey?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
b.	Is there sufficient space allocated for recycling in the service rooms?	Yes <input type="checkbox"/>	No <input type="checkbox"/>
c.	How many storeys will the chute service?		

5.	What is the maximum distance from any unit to the garbage disposal point (whether disposal is to a bin bay or chute)?	
6.	Is there a storage area provided for the storage of bulky waste?	Yes <input type="checkbox"/> No <input type="checkbox"/>
a.	What are the dimensions of this room or caged area metres (height) metres (depth) metres (width)

COLLECTION WASTE

7.	Is there a caretaker onsite responsible for managing waste?	Yes <input type="checkbox"/> No <input type="checkbox"/>
8.	Describe arrangements for access by waste collection contractors to the waste and recycling room.	
9.	What is the maximum distance from the garbage/recycling room to the collection point? metres

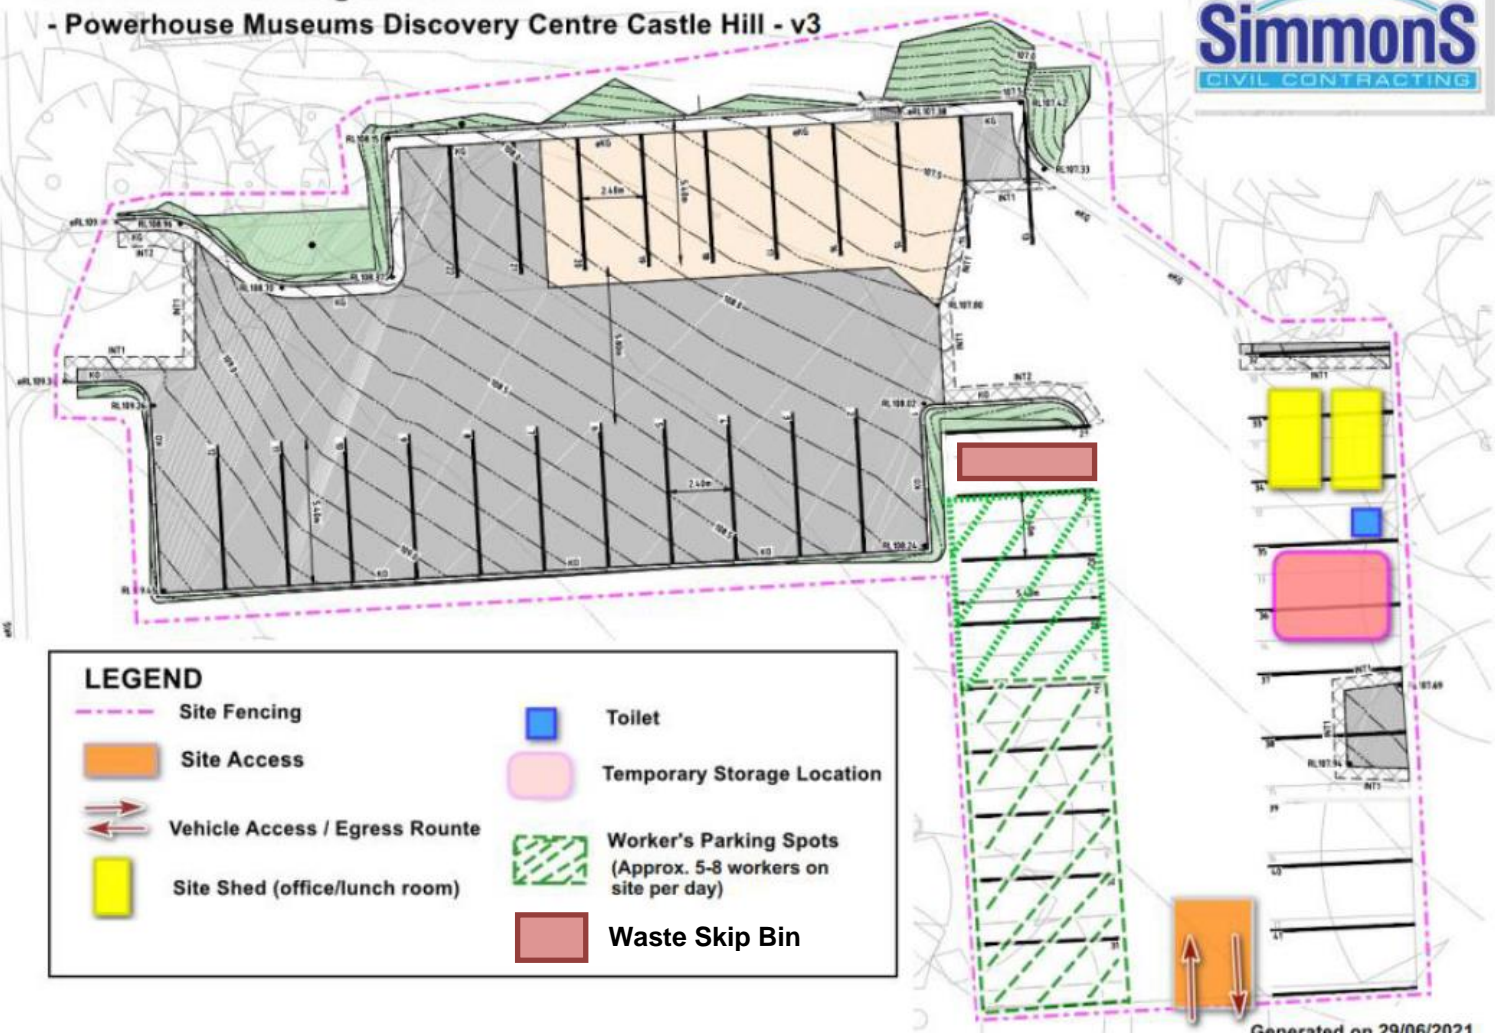

MIXED RESIDENTIAL/COMMERCIAL ONLY

10.	Is there a separate garbage/ recycling room for residential and commercial waste?	Yes <input type="checkbox"/> No <input type="checkbox"/>
