**Subject:** RE: Request for Advice on EIS: Thunderbolt EIS (SSD-10807896)

Hi Aaron,

DNV has engaged with us directly in March 2022 regarding an impact assessment of the Thunderbolt Wind Farm onto NSW Telco Authority (NSWTA) Links/Services. NSWTA has assessed the impacts against NSWTA links/services from the proposed Thunderbolt Wind Farm and has no concerns to raise.

I believe DNV has also engaged directly with other Government Agencies and private entities where links/services were identified to have impacts by the proposed wind farm. Our contact at DNV was Naomi Brammer. Naomi should be contacted regarding any concerns that have been expressed to them during their consultation >
