Dear Mr Dowman

**Sutherland Hospital Operating Theatre Upgrade (SSD-11099584)  
Request to Undertake Out-of-Hours Works, Condition C6(e)**

I refer to your request to undertake out-of-hours works (OOHW), submitted to the Planning Secretary for approval in accordance with condition C6(e) of the above development consent, for use of a mobile crane during a one-night period to install a new cooling tower at an existing plant room on the hospital roof.

I acknowledge and thank you for your response to the Department's review comments, and request for additional information. The Department has carefully reviewed the OOHW application and the revised noise assessment, and is satisfied that you have provided appropriate justification for the works.

Accordingly, as nominee of the Secretary, I approve the request to undertake OOHW between 6.00pm 25 May 2022 and 6.00am 26 May 2022, subject to:

- the works being conducted in accordance with the letter titled "RE: Construction Hours- Condition C6(E)- Out of Work Hours Works- SSDA-11099584" prepared by Hindmarsh Construction, including the revised Extended Working Hours Acoustic Assessment prepared by Pulse White Noise Acoustics, and submitted to the Department on 28 April 2022;
- use of mobile crane and associated plant/equipment consistent with the aggregate sound power level assessed in Table 10 of the revised Extended Working Hours Acoustic Assessment.

Please ensure that the relevant OOHW documents are placed on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Hala Fua, who can be contacted at Hala.Fua@planning.nsw.gov.au.

Yours sincerely

Dominic Crinnion  
**Acting Director  
Infrastructure Management**

As nominee of the Secretary
