

Dear Kurtis,

Thanks for forwarding the modification report for the Broken Hills Battery Energy Storage System (BESS), Modification 1 (SSD-11437498-Mod-1). The proposed modification involves the relocation of the connection corridor between the BESS and the substation.

Documents Reviewed

The following document was reviewed.

1. Broken Hill Battery Energy Storage System, Modification Report, AECOM, Revision 1, 22 February 2022.

Modification Report

The Department has reviewed the modifications proposed for Broken Hill BESS. The modification, in itself, is not related to Chapter 3 of the State Environmental Planning Policy (Resilience and Hazards) 2021 and does not significantly change the risks associated with the BESS battery enclosures.

As such we have no further comments on Broken Hills Battery Energy Storage System (BESS), Modification 1.
