**Subject:** 4017- Broken Hill Battery Storage Project

Hi Faisal,

I hope my email finds you well.

Valmec and Fluence are doing a battery storage project for AGL in Broken Hill. As a part of this project, we

need to prepare a dilapidation report at the beginning of the project and another report at the end of the project.

This report needs to be consulted with the relevant road authority which we think would be the Broken Hill council. Due to file size, you can download it from <https://spaces.hightail.com/receive/KNTZm6bKvy>

Can you please confirm receipt of this report and let us know your comments, if any, as we need to send it to planning Secretary after that.

I'll give you a call tomorrow to discuss more.

Regards,

**Mehdi Ghorbani**
