Design Modifications, Condition A37**

Dear Mr Rasquinha

I refer to your design modification for the colour/tone of the roof top plant enclosures submitted to the Planning Secretary under condition A37 of SSD-11802230.

I note the design modification:

- has been reviewed by the Applicant, and no issues have been raised with the Department;
- includes a change of colour from RAL 2004 Pure Orange to Dulux Natural Silver Kinetic for the Metal Cladding – Roof Plant;
- is of a colour/tone that keeps with the metal anodised finish of the upper façade levels (street frontages) and lift overruns; and
- has been submitted prior to construction of the building, as applicable.

Accordingly, as nominee of the Planning Secretary, I am satisfied that the evidence of design modification (Detail Building Roof Plant, Dwg No SOPHS-WB-AR-53-00-01, Rev C dated 18 May 2023 with colour a schedule) has been submitted to the Department as per condition A37 of SSD-11802230.

Please note that if there are any inconsistencies between the submitted documents and the conditions of consent, then the conditions will prevail.

Please make the design modifications publicly available on the project website as per condition A24.

If you have any questions, please contact Jeremy Martin at
