Sydney Olympic Park New High School (SSD-11802230)
Open Play Space Management Plan, Condition D38

Dear Mr Mohsin

I refer to the Open Play Space Management Plan (OPSMP) submitted to the Planning Secretary on 29 August 2024 (Version 1.0), and updated on 19 September 2024 (Version 2.0), under condition D38 of SSD-11802230. I also acknowledge and thank you for your response to the Department's request for additional information.

I note the OPSMP:

- was reviewed and updated by the Applicant, and no issues were raised with the Department;
- was submitted to the Department prior to commencement of operation;
- incorporates additional land into the school site that had been earmarked for Ridge Road along the western boundary, for use as open space; and
- was supplemented by additional information from the Applicant which confirmed that greater than 6 square meters of open space per student will be achieved should a maximum student population of 850 be reached.

Accordingly, the Department has filed the OPSMP (Version 2.0 dated 19 September 2024) for our information as per condition D38 of SSD-11802230.

If there are any inconsistencies between the OPSMP and the conditions of consent, the conditions will prevail.

Please ensure that the OPSMP is placed on the project website for public access at the earliest convenience.

If you wish to discuss the matter further, please contact Tanja Ibsen on tanja.ibsen@dpie.nsw.gov.au.

Yours sincerely,
