Attention Nagindar Singh,

Major Projects – New Request for Advice - The Gunlake Quarry Continuation Project (SSD-12469087) (Goulburn Mulwaree).

Heritage NSW has reviewed the Aboriginal cultural heritage component of the Gunlake Quarry Continuation Project (SSD-12469087) (Goulburn Mulwaree). Heritage NSW understands that Gunlake is seeking to re-include a small area approved to be disturbed by the original Quarry Approval, however, it is outside of the Extension Project disturbance boundary (MOD2 approval granted 9 June 2021). Heritage NSW notes that the Registered Aboriginal Parties have been consulted with respect to the Continuation Project, and that the Continuation Project activities will not include ground disturbance activities that have not been previously accessed and approved.

Based on this information, Heritage NSW does not require any additional Aboriginal cultural heritage assessment, however, the current Heritage Management Plan must be updated to include the additional areas in the Continuation Project footprint, should the project be approved.

Should you require any further information, please contact Nicole Davis, A/Senior Team Leader, Aboriginal Cultural Heritage Regulation - North on 4927 3156 or Nicole.davis@environment.nsw.gov.au

Yours sincerely
