Janine Perez

Project Manager

TSA Riley

Email: janine.perez@tsariley.au

Dear Janine,

Proposed Greenwich Hospital Redevelopment

I have assessed the updated basement plans provided by Brickerton Masters (Appendix A)

DD-SW-0200 Issue P30

DD-SW-0201 Issue P30

DD-SW-0202 Issue P29

My assessment has regard for the design principles of the AS2890.1. It is my assessment that the car parking and circulation on the revised basement plans are compliant with AS2890.1. Turning path assessments showing satisfactory manoeuvres are attached to Appendix B and suggested linemarking and traffic controls are attached to Appendix C.

Yours faithfully

Julie Singh

Design Manager

Turning Path Assessments

NOTE

This drawing has been prepared using vehicle modelling computer software AutoTrack V5.00a in conjunction with AutoCAD 2013. The vehicle used is based upon vehicle data provided by Austroads and incorporates a reasonable degree of tolerance. However, it is not possible to account for all vehicle types/characteristics and/or driver ability.
