SYDNEY NSW 2001

Attention: Lander Robinson

**WANGI ROAD (MR217): SSD 15950052, ERARING BATTERY ENERGY STORAGE SYSTEM,
LOTS: 10 & 11 DP: 1050120, ROCKY POINT ROAD ERARING**

I refer to the request by the Department of Planning, Industry and Environment (DPIE) dated 23 November 2021 seeking input from Transport for NSW (TfNSW) to the Environmental Impact Statement (EIS) for the abovementioned development proposal.

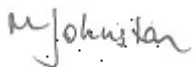

TfNSW key interests are the safety and efficiency of the transport network, the needs of our customers and the integration of land use and transport in accordance with the *Future Transport Strategy 2056*.

It is understood that the proposal is for the construction and operation of a battery energy storage system (BESS) with an estimated capacity of approximately 700 MW / 2800 MWh, and associated infrastructure.

As requested to DPIE via email on 06 December 2021, TfNSW request a copy of the SIDRA files (*.sip) so a complete assessment of the proposal can be undertaken.

Should you require further information please contact Kate Leonard, Development Services Case Officer, on 4908 7688 or 0428 260 461 or by emailing development.north@transport.nsw.gov.au.

Yours sincerely

Marg Johnston
Team Leader Development Services North
