Dear Anthony,

SSD-17647189 – 884-928 Mamre Road, Kemps Creek (Access Logistics Park)
Environmental Representative (ER) – Endorsement of the Flood Management Plan (FMP) –
Revision E, incorporating the Flood Emergency Response Plan

With regards to the Access Logistics Park Flood Management Plan (FMP), I note that Revision C of the document (dated 07/05/2024) was reviewed and endorsed by myself as ER, pursuant to SSD-17647189 Condition A36(e)(i), as per letter correspondence dated 08/05/2024.

The FMP has since been reviewed by the Department of Planning, Housing and Infrastructure (DPHI), and the following key changes made to address the comments in the updated document (Revision E, dated 25/06/2024):

- Document revision number and document date updated, now Revision E, dated 25/06/2024
- Table of contents updated to include a list of appendices
- Inclusion of emergency contact numbers for key personnel
- Update of Section 5.3 to include further details regarding flood response awareness training
- Inclusion of Table 7.1 with regards to flood response triggers and measures for both the Construction and Operational phases of the development
- Update of Section 7.3 to incorporate a figure showing evacuation routes and the Emergency Assembly Point.

In my opinion, Revision E of the Access Logistics Park FMP (dated 25/06/2024) remains consistent with the requirements in or under the terms of SSD-17647189 as applicable to the construction of the Development.

Please feel free to contact me if you require anything further or would like to discuss.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Ben Bracken', written over a light blue circular stamp.

Ben Bracken
