---

Hello Rebecka

I refer to the Department's below email of 18 August 2022 regarding the response to submissions (RtS) raised during the public exhibition of the Environmental Impact Statement (EIS) for State Significant Development SSD-25725029 ARDEX Warehouse and Manufacturing Facility at 657-769 Mamre Road, Kemps Creek in the Penrith City Council Local Government Area (LGA). Submissions need to be made to the Department by 31 August 2022.

Endeavour Energy has noted the following in the RtS report.

Connect Infrastructure has been engaged to undertake the necessary engagement with Endeavour Energy for the whole of the estate in which the proposed development exists.

Connect Infrastructure have lodged a number of Connect of Load applications with Endeavour Energy for development within the estate.

As the applicant is progressing through the application for connection of load process, Endeavour Energy has no further recommendations or comments. As previously advised, the applicant should also have appropriate regard to Endeavour Energy's previous submission made to the Department via email on 22 August 2021 for the Secretary's Environmental Assessment Requirements (SEARs).

Should you wish to discuss this matter, or have any questions, please do not hesitate to contact me or the contacts identified in Endeavour Energy's previous submissions in relation to the various matters. Due to the high number of development application / planning proposal notifications submitted to Endeavour Energy, to ensure a response contact by email to [property.development@endeavourenergy.com.au](mailto:property.development@endeavourenergy.com.au) is preferred.

Kind regards

Cornelis Duba
