Good Afternoon,

**Transgrid reference number:** 2022-591

**Proposal:** Wellington South Battery Energy Storage System (SSD-27014706)

Please see Transgrid response below:

Property have issued most recently the consent letter in respect to the EIS from ETMHC dated 20/10/2022. Please refer to attachment provided.

Therefore, Property have no further comment and will provide the relevant Property advice to Lumea as part of the project once the customer enters into the relevant connection agreements.

The Environmental Assessments team will need to carry out a due diligence review of the EIS to confirm that all necessary grid connection works are captured.

Regards

Michael
