Dear Tim,

RE: 600 Woodstock Avenue, Glendenning Response to DPIE comments

---

Acoustic Works was engaged by Project Strategy to prepare an environmental noise assessment for a proposed material recovery centre to be located at 600 Woodstock Avenue, Glendenning. This letter has been provided to outline the changes made in the updated acoustic report (ref: 1021096 R01C 600 Woodstock Avenue Glendenning ENV.docx dated 10/02/2022) in response to comments from the NSW Department of Planning, Industry and Environment. The comments and changes made in response are provided below.

DPIE Comment

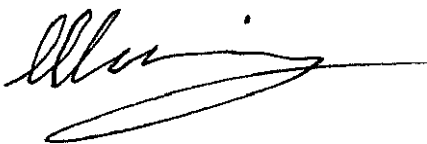

*"24. Confirm trucks idling and manoeuvring within the site have been considered as noise sources and update Section 8.1.1 and Figures 5 and 6 of the NVIA accordingly*

Response

The assessment has been updated to include trucks idling and manoeuvring within the site, with Section 8.1.1, Table 15 and Figures 5 to 7 updated accordingly.

We trust this information meets with your current requirements. Should you have any queries please do not hesitate to contact us.

Regards,
