Condition No	Condition Wording	Activity
A7	The date of commencement of each of the following phases of the development must be notified to the Planning Secretary in writing, at least one month before that date, or as otherwise agreed with the Planning Secretary: (a) construction; (b) operation; and (c) cessation of operations. The condition requires notification to be provided at least one month prior to the date of commencement, however also provides for this to be shortened if otherwise agreed with the Secretary.
