Concept Proposal & Stage 1 for Alterations & Additions to Barker College (SSD-31822612)
Student Numbers, Condition A7

I refer to the evidence documentation submitted to the Planning Secretary for approval to increase student numbers in accordance with condition A7, Schedule 3 of SSD-31822612. I acknowledge and thank you for your response to the Department's review comments and request for additional information.

I note the evidence documentation:

- was reviewed by the Applicant, and no issues were raised to the Department;
- contains the information required by condition A7;
- includes the Department approval letters for the Operational Transport and Access Management Plan under condition E12(b), and Green Travel Plan under condition E11;
- includes a compliance letter statement prepared by The Transport Planning Partnership (TTPP) dated 21 December 2023 confirming the Pick-up and Drop-off area including the physical and traffic management measures are currently operational as per the consent;
- includes a compliance letter statement prepared by Urbis dated 25 March 2024; and
- has been submitted prior to any increase in student population beyond that existing in the school campus at the time approval for SSD-31822612 dated 20 December 2023.

Accordingly, as nominee of the Planning Secretary, I acknowledge sufficient evidence has been provided that demonstrates the requirements of condition A7(a) to (d) have been satisfied and as a result I approve that student numbers can increase beyond the existing enrolment of 2592 students, in accordance with condition A7 of SSD-31822612.

I remind you that the maximum student and staff population permitted at the school at any one time must not exceed 2850 students and 480 full time equivalent staff, as per condition A6.

Please ensure a redacted copy of the approved evidence documentation is available for public access on the project website as per condition A24.

Also, please note that if there are any inconsistencies between the approved evidence documentation and the conditions of consent, the conditions will prevail.

If you have any questions, please contact Matt Wood at matthew.wood@dpie.nsw.gov.au.

Yours sincerely

A handwritten signature in dark ink, appearing to read 'D Crinnion'. The signature is written in a cursive style with a large 'D' and a small 'C'.

Dominic Crinnion
Director
Infrastructure Management

As nominee of the Planning Secretary
