Subject: Amendment of Goulburn River Solar Farm Development Application (SSD-33964533)

Dear Ms Kramer

I refer to the Amendment Report which was submitted on 23 January 2024 in accordance with the *Environmental Planning and Assessment Regulation 2021* (the Regulation) for Goulburn River Solar Farm (SSD-33964533).

The Amendment Report has requested the following changes:

- transport route amendments to include the use of Barnett Street and upgrade of the intersection of the Golden Highway and Ringwood Road;
- road upgrades to Wollara Road and Ringwood Road; and
- increasing the centralised battery energy storage system (BESS) capacity and including the option of a decentralised BESS as well as the option to host both centralised and decentralised BESS units.

The Department has reviewed the Amendment Report and is satisfied it provides the necessary information and sufficient justification for the amendment.

Accordingly, I as delegate of the Minister for Planning and Public Spaces approve the application for the amendment.
