**SHOALHAVEN CITY COUNCIL – MAJOR PROJECT 09_0088 – MIXED USE
SUBDIVISION, WEST CULBURRA – RESPONSE TO SUBMISSIONS**

Dear Sir/Madam

Reference is made to your letter dated 10 December 2013 regarding the subject project application forwarded to Roads and Maritime Services (RMS) for consideration.

RMS has reviewed the Response to Submissions report provided by the proponent. In this regard, RMS provides the following comments:

- RMS notes Section 9.3 of the report regarding the proposed roundabout on Culburra Road within the existing 100km/hr speed zone. RMS does not support roundabouts in speed zones over 80km/hr. As discussed in RMS' letter dated 7 June 2013, RMS considers that the existing 100km/hr speed zone at this location is appropriate and should be maintained. RMS maintains its concerns regarding the safety of a roundabout at this location. The developer should identify an appropriate intersection treatment to allow traffic to safely access the development within the existing speed zone (e.g., channelization).

If you have any questions please contact Andrea Boes on 02 4221 2771.

Yours faithfully

 20.1.14
