Subject: Spicers Creek Wind Farm (SSD-41134610) - Biodiversity Management Plan

Dear Ms. Jokadar,

I refer to your request for review and approval of the Biodiversity Management Plan for the Spicers Creek Wind Farm (SSD-41134610). The Departments also notes the completed consultation with NSW Conservation Programs, Heritage and Regulation Group, National Parks and Wildlife Services, and Australian Government Department of Climate Change, Energy, the Environmental and Water during the preparation of the Biodiversity Management Plan.

The Department has carefully reviewed the document and is satisfied that it generally meets the requirements of the relevant conditions of consent (SSD-41134610). Accordingly, as nominee of the Planning Secretary, I approve the revised Biodiversity Management Plan (Rev 002, dated 19 February 2026) under Schedule 2, Condition B26.

You are reminded that if there are any inconsistencies between the revised Biodiversity Management Plan and the conditions of consent, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scotney Moore, on 02 9274 6342.

Yours sincerely
