Dear Robert

PROJECT HAMMONDCARE WAHROONGA STAGE 2 ASSESSMENT OF CAPITAL INVESTMENT VALUE (CIV) FOR SSDA SUBMISSION

As requested, we have prepared an estimate of the Capital Investment Value (CIV) for the above project based on the SSDA submission documents attached in Appendix A.

Our estimate has been prepared in accordance with Clause 3 of the Environmental Planning & Assessment Act 2000 and the Planning Circular PS 21-020 issued 2 December 2021 where CIV is defined as follows:

"Capital investment value of a development or project includes all costs necessary to establish and operate the project, including the design and construction of buildings, structures, associated infrastructure and fixed or mobile plant and equipment, other than the following costs:

- a. amounts payable, or the cost of land dedicated or any other benefit provided, under a condition imposed under Division 7.1 or 7.2 of the Act or a planning agreement under that Division,
- b. costs relating to any part of the development or project that is the subject of a separate development consent or project approval
- c. land costs (including any costs of marketing and selling land)
- d. GST (as defined by A New Tax System (Goods and Services Tax) Act 1999 of the Commonwealth)."

We confirm that the Capital Investment Value (CIV) for the above project is:

CIV: \$82,690,000 (Eighty Two Million, Six Hundred and Ninety Thousand Dollars only).

In preparing our CIV Estimate, we confirm the following:

- The CIV is based on the proposed SSDA submission documents listed in Appendix A. We have relied on this information noting that the estimate may be subject to change as the design develops.
- The estimated cost excludes all works that are subject to a separate development consent.
- Cost are accurate as of the date of application;

- All measurement and pricing methodology has been completed in line with the AIQS standard method of measurement;
- GST is specifically excluded.
