Subject: Orana BESS – Traffic Management Plan Stage 2b

Dear Mr Hoban,

I refer to your submission requesting review and approval of the Traffic Management Plan for Stage 2b of the Orana BESS (SSD- 45242780). I also acknowledge the revised Traffic Management Plan includes:

- swept path assessments of the pinch points along the state road network route to show that the route can be navigated without the requirement for road upgrades; and
- clarification of the size of the overall vehicle combination.

as requested in the request to vary vehicle numbers approval letter (SSD-45242780-PA-22).

The Department has carefully reviewed the document and is satisfied that it generally meets the requirements of the relevant conditions of approval (SSD-45242780). Accordingly, as nominee of the Planning Secretary, I approve the Traffic Management Plan Stage 2b (Rev A, dated 17 April 2025) under Schedule 2, Condition B10.

You are reminded that if there are any inconsistencies between the Traffic Management Plan Stage 2b and the conditions of approval, the conditions prevail. Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Scotney Moore, on 02 9274 6342.

Yours sincerely
