RPA Redevelopment (SSD-47662959)
Design of East-Facing Gas Enclosure Screen Wall, Condition B45

Dear Ms Saunders

I refer to the plans, detailing the external appearance of the east-facing screen wall elevation for the gas enclosure area between Centenary Institute and Charles Perkins Auditorium buildings, submitted to the Planning Secretary under condition B45 of the project development consent for the RPA Redevelopment (SSD-47662959).

I note the plans:

- were reviewed by the Applicant, and no concerns were raised to the Department;
- demonstrate the face brickwork (clay brick) in a stack bond arrangement with dark mottle tones to illustrate visual interest;
- include the details required under condition B45; and
- have been submitted to the Planning Secretary prior to conducting construction.

Accordingly, as nominee of the Planning Secretary, I approve the following plans listed in Table 1 as detail of the external appearance of the east-facing gas enclosure screen wall in accordance with condition B45 of SSD-47662959.

Table 1 – New Plans approved under Schedule 2, Condition B45
