**Darcy Road Public School Upgrade (SSD-49073460)  
Stormwater Infrastructure and Flood Wall Management Strategy, Condition D33**

Dear Mr Brohl

I refer to the Stormwater Infrastructure and Flood Wall Management Strategy (SIFWMS) submitted to seek satisfaction of the Planning Secretary in accordance with condition D33, schedule 2 of the project development consent for the Darcy Road Public School Upgrade (SSD-49073460).

I note the SIFWMS:

- was reviewed by the Applicant, and no issues were raised to the Department;
- outlines key stormwater and flood mitigation infrastructure including a flood wall;
- includes inspection, maintenance, and management protocols for stormwater and flood infrastructure at the school site; and
- addresses the requirements prescribed in condition D33 of the consent.

Accordingly, as nominee of the Planning Secretary, I am satisfied that the Stormwater Infrastructure and Flood Wall Management Strategy, dated 2 July 2025, prepared by TTW (NSW) Pty Ltd, has been prepared as per condition D33 of SSD-49073460.

I remind you that the SIFWMS must be maintained, monitored and operated in accordance with the design intent and project development consent requirements for the lifetime of the development.

Please ensure that the SIFWMS is placed on the project website at the earliest convenience.

If you have any questions or wish to discuss the matter further, please contact Hala Fua, who can be contacted at [hala.fua@planning.nsw.gov.au](mailto:hala.fua@planning.nsw.gov.au).

Yours sincerely

Shiraz Ahmed  
Team Leader - Social Infrastructure Projects Unit  
Infrastructure Management

As nominee of the Planning Secretary
