I refer to the Darcy Road Public School Upgrade Project (SSD-49073460) approved on 7 March 2024, and modified on 6 December 2024 (SSD-49073460-Mod-1).

In accordance with condition C6(f) the Department of Education is writing to request approval to work on Saturday 22 November 2025 between the hours of 7am – 5pm.

This time is required to safely relocate the existing site sheds, currently situated in the northeast of the site, to the east, adjacent to the current Stage 3 works, ensuring no interference with the operating school.

Attached are a Disruption Notice prepared by the contractor, Taylor Construction Group, detailing the proposed works, and a Works Notification, which will be distributed to surrounding properties on 14/11/2025 in accordance with Condition C7.

Yours sincerely
