Subject: Dept. of Planning referral for 157-163 Cleveland Street, Redfern

Dear Pilar,

Nicola Reeve has asked me to respond to your referral request in her absence. Please excuse the lateness of my reply.

The City have completed a review of the Section 96, and can provide the following comments:

1. The proposed alternative archaeological strategy is **acceptable** and is probably better than the original strategy because it retains more of the archaeological resource on site in its original profile.
2. The proposed reconstruction of the section of the Hart Street warehouse wall is **acceptable** subject to the following conditions:
 - a. Bricks must be carefully salvaged during demolition, cleaned and re-used in the re-construction.
 - b. Re-construction is to be designed, documented and supervised by an appropriately qualified heritage architect. In particular, the brick set out, mortar composition and mortar detailing must match the adjacent retained fabric.

Regards,

Tim Wise
