CANCER CARE CENTRE**

Dear Sir

Reference is made to your letter received 16 November 2011 regarding the subject proposal forwarded to the Roads and Maritime Services (RMS, former RTA) for consideration.

RMS have reviewed the submitted information and do not object to the application in principle as access to the site is from a local road and the traffic generated by the development is not considered likely to have a significant impact on the classified road network.

Yours faithfully

Chris Millet
Manager, Road Safety and Traffic Management
Southern Operations and Engineering Services
