GOLDEN HIGHWAY (A27): BULGA OPTIMISATION PROJECT – MODIFICATION 1 – SSD 4960
MOD 1

I refer to your email dated 12 July 2016 regarding Bulga Coal Management Pty Ltd submission for the modifications for Bulga Mine.

Roads and Maritime understands the modification to the total project area and the tailings management. No modifications of the public road network is being sort after (it is noted that realignment works to of Broke Road under the approved development were completed February 2016).

Roads and Maritime Response

Roads and Maritime have reviewed Statement of Environmental Effects dated July 2016 by Umwelt. Roads and Maritime has not objections to the modifications as it has no significant impact of the State Road Network.

On the Minister's determination of this matter, it would be appreciated if a copy of the Project Approval is forwarded to Roads and Maritime for our records.

If you require further advice please contact Hunter Land Use on (02) 4924 0688.

Regards
