Rocky Hill Coal Project – Application No SSD-5156
Stratford Coal Extension Project – Application No SSD 4966 MOD 1

Dear Sir/Madam

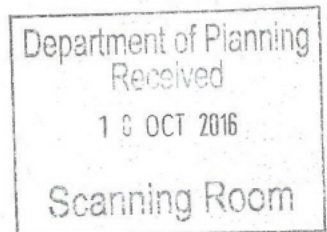

I oppose the above projects. As a resident of Taree I am extremely concerned about this proposal. The Manning River is the lifeblood of Taree. Even a chance of 20% pollution to this river, as is stated in the Rocky Hill EIS, is unacceptable.

The proposed Rocky Hill coal mine is in the Avon River catchment, which is a tributary of the Manning. So the chances of contamination from this mine is very possible. What would be the consequences for the thousands of Taree residents should this happen?

Gloucester attracts thousands of tourists a year, with a benefit of \$50M to the community. I can be included as one of those tourists and I would not want to visit a town with a coal mine on its doorstep.

The NSW Government should not approve this mine.

Yours faithfully

Rocky Hill Coal Project – Application No SSD-5156
Stratford Coal Extension Project – Application No SSD 4966 MOD 1

Dear Sir/Madam

I oppose the above projects. As a resident of the Manning Valley region, I am extremely concerned about this proposal. The Manning River is the lifeblood of Manning Valley communities. A serious risk of 20% pollution to this river, as stated in the Rocky Hill EIS, is unacceptable.

The proposed Rocky Hill coal mine is in the Avon River catchment, which is a tributary of the Manning Valley catchment. Therefore the stated risks of contamination from this mine is very possible. What would be the consequences for the thousands of Manning Valley residents should this happen?
Many downstream farmers, water users, and thousands of residents rely on this water for domestic and livestock use.

In addition, Gloucester attracts thousands of tourists a year, with a benefit of \$50M to the community. I can be included as one of those tourists and I would not want to visit a town with a coal mine on its doorstep.

The NSW Government should not approve this mine.

Yours faithfully

It would be a shame to destroy such a beautiful area and would have a devastating affect on tourism.
