Dear Cornelis

Re: Surrender of NSW Development Consent SSD-4975

I refer to your request for written correspondence regarding the intention by Shenhua Watermark Coal Pty Ltd to surrender Development Consent SSD-4975.

Council has reviewed the impact of the surrender of this development on Council's road network noting that the surrender of the consent would consequently abolish the intention for these roads and reserve to be closed. Council acknowledges this action and has no objection to the surrender regarding this matter.

If you require any further correspondence or need to discuss the details of this letter please contact the undersigned on 02 6740 2100 or email council@infogunnedah.com.au.

Yours faithfully

Wade Hudson
