Dear Mr Warren

Tinda Creek Quarry (SSD-4978)
Letter requesting endorsement for calculation of a Rehabilitation Bond

I refer to your letter dated 30 October 2020 seeking endorsement of the proposed methodology to calculate a revised conservation and rehabilitation bond for Tinda Creek Quarry in accordance with conditions 20 and 21 of Schedule 3 of Development Consent No. SSD_4978.

The Department has reviewed the revised calculation method and is satisfied that it would reflect the conditions of consent. The Department is also satisfied that R.W Corkery & CO. is suitably qualified to verify the calculated costs.

Please ensure the bond is calculated in accordance with all requirements in conditions 20 and 21 in schedule 3.

Please also ensure that the content of the bank guarantee is provided to the Department for review before lodgement, and that the bond is lodged within three months of the Independent Environmental Audit.

If you wish to discuss the matter further, please contact Robert Hodgkins on 02 4904 2711.

Yours sincerely
